

A DREAM doesn't become reality through magic,
it takes **SWEAT, DETERMINATION**
and **HARD WORK.**

Masjid Said Saad Ghawas
Chairman

Starting as an Infrastructure firm, Muscat Group of Companies (MGC) diversified constantly following and studying the potential profitable ventures in the market. Today MGC is a success story built on shared values and ambition. We believe our prosperity is tied to the progress of those around us. World-renowned and recognized for our excellence in the industry. MGC has the potential to grow substantially over the years. We are committed to operate every aspect of the business to those standards that offer the highest possible quality of service to all clients. This is supported by a progressive management style that encourages the Quality culture throughout the Group.

Periasamy Durairaj
Managing Director

MGC has been reinforcing its presence in GCC, expanding its in-house expertise and enlarging its scope of business activities. From our modest beginnings in Sultanate of Oman, MGC is now expanding its presence in many geographical locations. Further, with-in a shorter period of time, we will have our presence in the Middle East, Europe and Asia. MGC intends to provide its services that go beyond borders. Our expansion ensures, we offer local insight, coupled with products and services of a consistently high international standards.

Purushottam Tota
Chief Executive Officer

MGC strive to achieve customers delight through integration of technology and quality service of Global Standard by its dedicated team of employees. We have been able to perform exceptionally well in this highly competitive market. Our values are central to our success. We remain committed to offering premium quality products which comply with the highest National and International standards. Our company has been able to provide a wide range of services to its clients through its national and worldwide network. In our quest to meet the market demand, a team of dedicated professionals and modern yet high-tech infrastructure, we have been able to offer a superior range of products at competitive prices within the postulated time frame.

About Muscat Group of Companies

Muscat Group of Companies (MGC) was established by Mr. Majid Said Saad Ghawas & Mr. Periasamy Durairaj (founders) in the year 2016, with a vision to emerge as a large and leading international Group of companies in the Middle East. We aim at becoming a glorious excellent Group of Companies, which has solid corporate principles and much potential for sustainable growth. We believe in hard work and creating shared value for the communities in which we operate. This concept spurs us on to evaluate the way our business uses, transforms, renews and creates resources and we wanted to leave a legacy for future generations of professionals.

Our Corporate Policy

To transform ourselves into an "Excellent Group," all the members of our group intend to continue our steadfast efforts to earn trust and confidence widely from not only customers but also other members of society, and to contribute to the establishment of a rich society for everyone in the future.

The Muscat Group of Companies Corporate Principles are

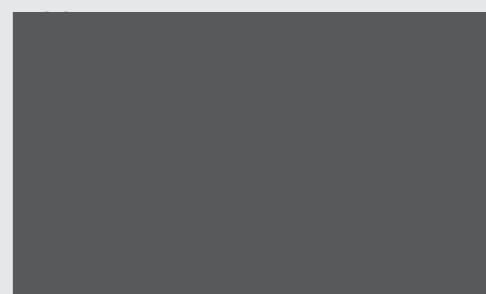

Each company of the MGC Group shall,

- To Prosper together with Customers, Stakeholders and Employees and to contribute a prosperous economy.
- To deliver customer satisfaction with creativity, innovation, sincerity and gratitude, and to act in compliance with the law and ethics.
- Contribute to creating a better society and environment, with a firm awareness of our social responsibility.
- Build technical expertise, realize changes and strive for consistent growth.
- To take up the challenges of innovation and to respond to market needs as a diversified and multi-faceted trading company.

Mission

Our mission is to create the best suit products to all customers, a one-stop solution by offering products in the field of Gypsum Mining, Gypsum products, Building materials, Ready-Mix, Constructions, Transportation and Mills along with the Recycling of wastes. Also offering solutions in the hospitality sector by providing services in Car Rentals, and Travels and Tourism. Educate and develop the market for dry lining systems and solutions by converting the old brick wall tradition into a new state of the art Dry Lining.

Vision

Group of Companies

A Dynamic well experienced International team of Professionals

Quality Assurance

MGC employs strict quality control process with the help of state of the art in-house laboratory to assure our customers receives the best quality at all times. Our products will be delivered, only if specifications are according to ASTM Standards and maintains ISO 9001 standards. MGC follows WCM (World Class Manufacturing) process to improve all steps of the production process, ensuring a stable production at the highest standards.

Health and Safety

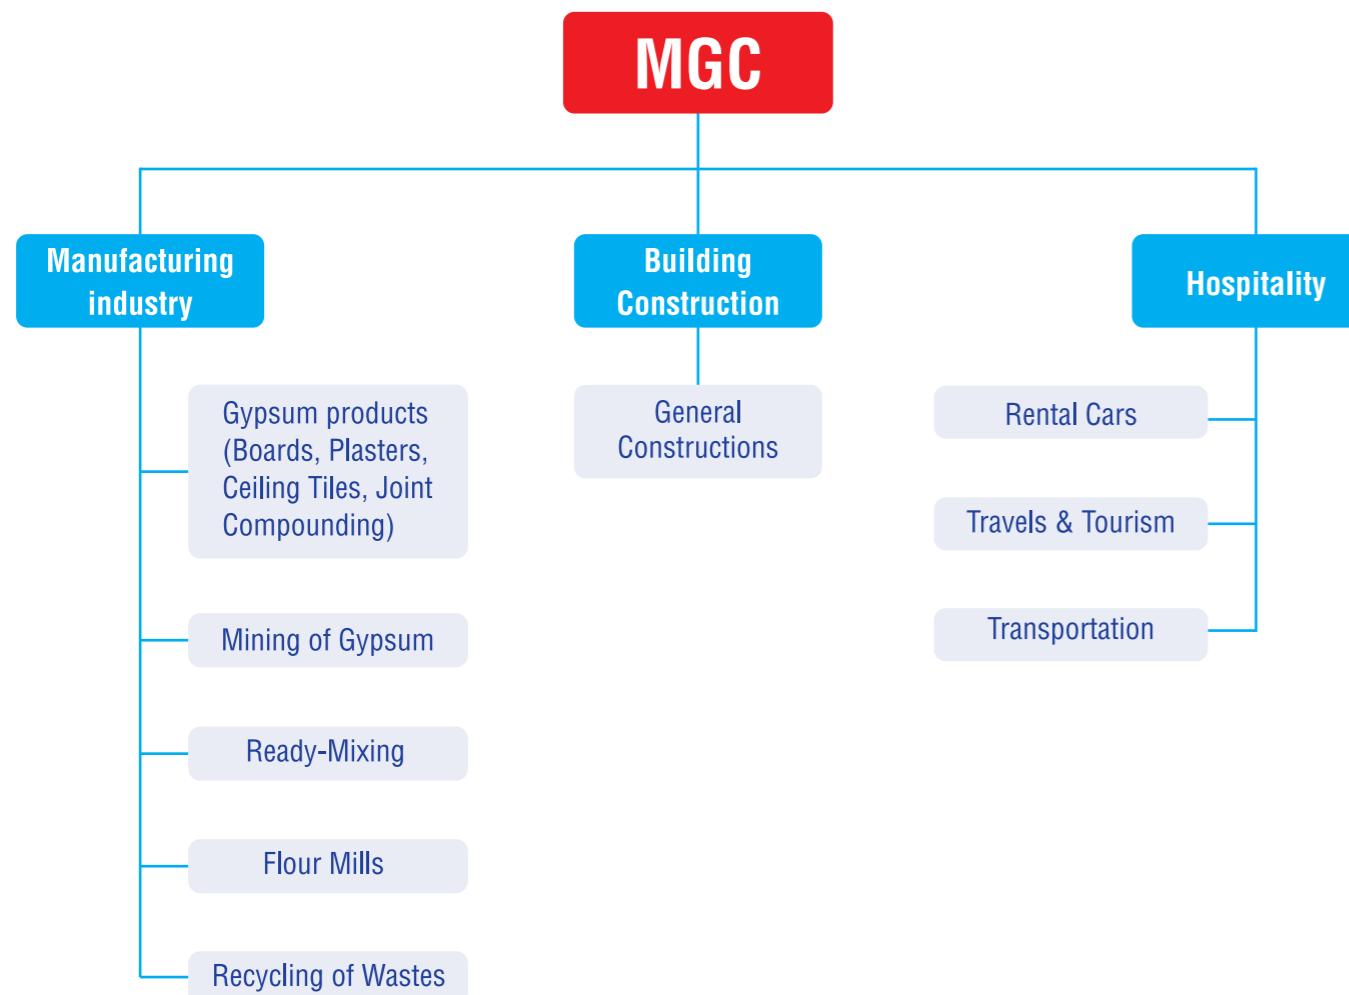

MGC is committed to establish & maintain high standards of Health and Safety. We aspire to achieve “Zero Harm” to people. Our fundamental belief is that all injuries can be prevented. Responsibility starts with each one of us. As such we will consult with our employees and relevant stakeholders in decisions that affect the health and safety aspects of our workplaces, products and services.

Environmental Responsibility

MGC invested recycling technologies to help preserve the environment, while installing an ammonium scrubbing line to remove 100% of the Sulphur from flue gases. MGC is currently and also the only local manufacturer to have the Plasterboard recycling facility which allows MGC to take back waste material from project and/ or plant reject and convert them back into finished goods. We care for the environment. We are committed to the efficient use of resources, preventing pollution, and reducing the environmental impact of our operations and products.

Industries we serve...

"Oman has the potential to become a minerals hub within a short span of time". Oman is blessed with huge mineral deposits (both metallic and non-metallic). "Reports reveal Oman has about 950 Million Tonnes of Gypsum reserves". Growing demand for Gypsum, mainly from Cement and Wallboard manufacturers, should see exports from Oman. It is nearly double the last year, making it the fourth largest Gypsum producing country, according to industry experts.

Port of Salalah, a major gateway for the export of minerals and other natural deposits. Gypsum exports from Salalah Port roars from year to year. Exports reached its highest volumes in the 2017. The US Geological Survey has estimated largest Gypsum resources in the southern part of the country. The Gypsum demand growth is mainly from Asian countries like India, Japan, Indonesia, Vietnam and Bangladesh. There was a supply crunch from Thailand, where mineral mining had become heavily-regulated.

Muscat Global Mining Company LLC

Coming up with mining operation with capacity of 16,000 M Tons/day, which is highest capacity in Oman in gypsum Mining operations.

Our concentrated markets are India, Nepal, Bangladesh, Japan, and Africa destinations.

Muscat Transportation Company LLC

Since our mining operation, capacity is highest capacity among other competitors in Oman, we bound to have our own transportation facility instead of depending on external transportation services. This will support to our customers to deliver their shipments according to committed schedule without any delays or demerges.

To maintain such delivery schedule, we bound to have 100 numbers of our own vehicle from Mercedes and Volvo make with our own central workshop, which is going to be maintained by Mercedes technical staff for 1st 5 years period.

Muscat Gypsum Product LLC

We are coming with gypsum base products by seeing huge market demand from India, Nepal, Sri Lanka, Africa. Again here also we are coming up with 60 million sqmt capacity plant in two phases in span of 3 years. Our phase -1 capacity is 30 million sqmt / year and phase -2 capacity will be 30 million sqmt / year.

We call it as gypsum complex, where we can find all gypsum base products with accessories. We are coming up with marketing strategy, which can take our product any part of India, and few of African countries.

Muscat General Ready mix LLC

By expecting local demand in Salalah as well as in Duqm area, again we are coming with very high capacity plants in Salalah and Duqm locations. Each location capacity is 120 cbm/hour which is highest capacity among existing producers.

Muscat General Construction LLC

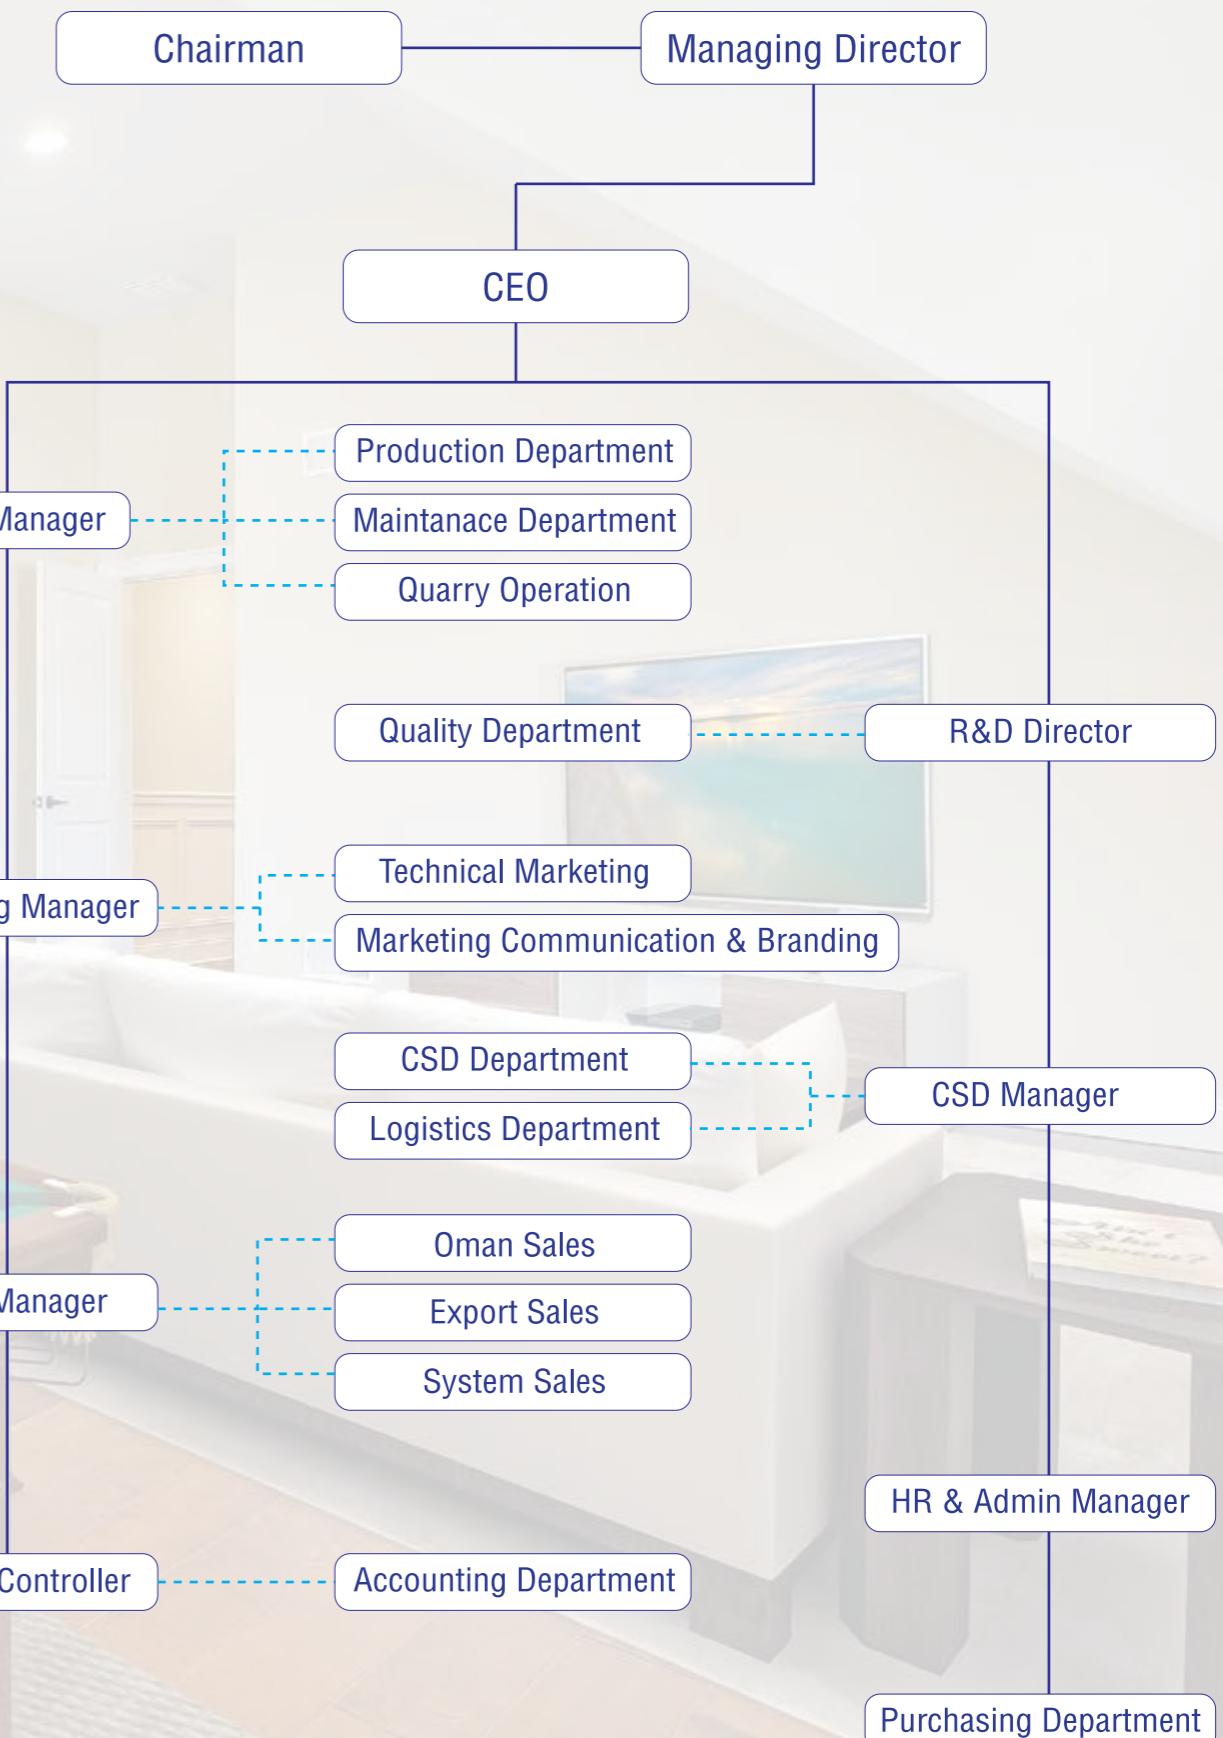

We have our own properties in Salalah, on which we are developing shopping complexes, malls, showrooms, business centres, residential complexes & corporate offices.

Muscat International Recycling LLC

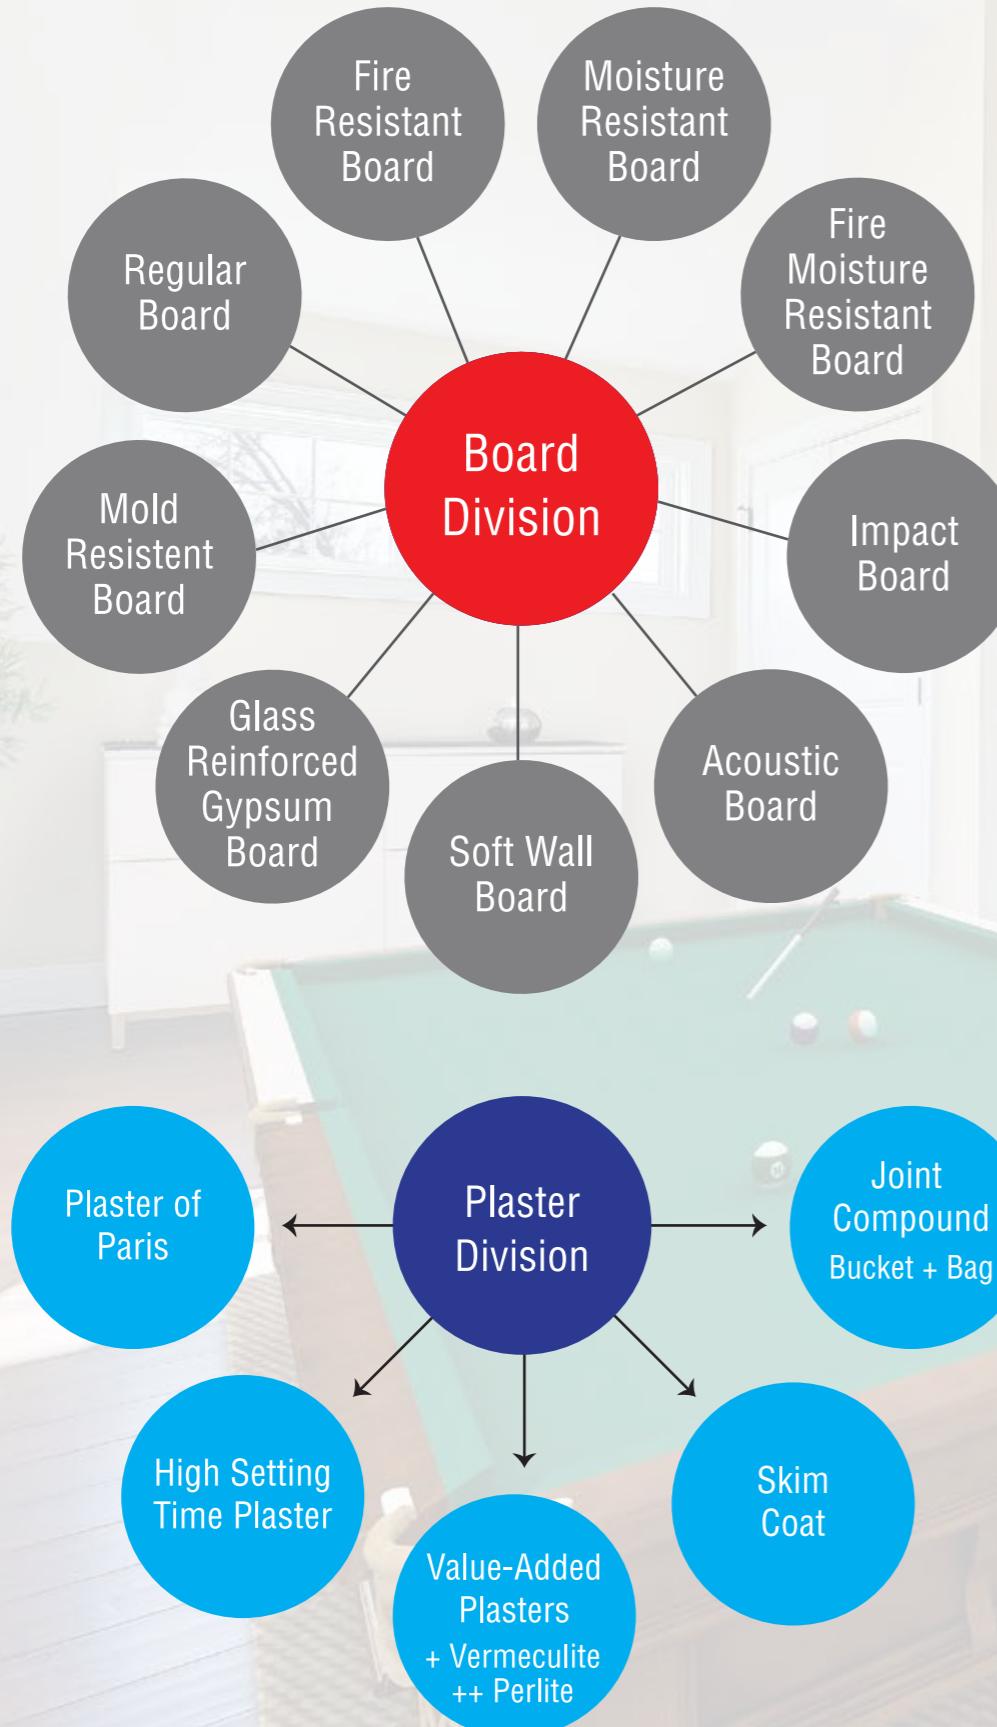

Since we found huge waste of rubber in and around Salalah, we are coming up with recycling project from waste rubber which is laying in millions tons.

Muscat Travels & Rent a Car

Since Salalah is a reputed location for tourism and particularly we can find a huge crowd in kareef season. Other than tourism, Salalah is getting developed industrially, where international experts are floating and becoming more, so by seeing all these factors we come up with this business which can support us also for our internal divisions external experts visit.

Our Products

Our QUALITY Policies

We are driven by our ultimate goal of providing our customers with "total quality solutions". With this in mind, we are committed to operate under the discipline and control of a Quality Management System. We aim to provide total quality management that translates to "100% Customer satisfaction". We continuously seek to develop the skills and expertise of our people and instill in them the importance of quality service. We are committed to the preservation of natural resources and the compliance with all government regulations and statutory requirements. We are committed to deliver a safe and secure environment to all our employees, customers and customers' goods at all times.

Our LABS

A well-furnished laboratory is the integral - part of Muscat Group of Companies. Our company has got well-built infrastructure facilities with all necessary equipment. We follow ASTM / EN520 standards along with safety practice in order to evaluate compliance with regulatory requirements.

Our Market Network

Why MGC?

We provide 95% Pure and 100% Natural Gypsum

We understand that every customer is different and therefore has different requirements. We work hard to constantly and consistently deliver the best Gypsum products which become preferred choice of companies, builders, interior decorators etc.
